

 Logo	About Us
Our Dogs	Reservation
Menu	GiftShop

I decided not to leave out the reservation detail page since scrolling up and down a long page on smartwatch requires lot of effort from the user. The user can simply use back button on the button to go change their reservation date, time and number of people for the reservation.

Unlike other devices, the written  
content in the smartwatch will be  
around 25~50 words at most.

The home button was left out since we  
already have one at the bottom menu.
